This program is managed by YWCA Seattle | King | Snohomish and offered in partnership with our community partners:

WOMEN CAN BUILD THE FUTURE

Dream it, Design it, and Build it

Over 30 career and technical programs providing in-demand training for careers in manufacturing, transportation, trades and related technologies.

Eligible students receive assistance with tuition, school-related expenses, and job search.

South Seattle College:

Aeronautical Technology

- ◇ Aviation Maintenance Technology, Airframe and Powerplant Mechanic
- ◇ Aerospace Composite Technology

Industrial Manufacturing

- ◇ Machinist Technology (in partnership with Shoreline Community College)
- ◇ Industrial Manufacturing Academy (in partnership with AJAC)

Welding Fabrication Technology

Automotive Technology

VIGOR Welding Intensive

North Seattle College:

Aviation Electronics (Avionics)

- ◇ Aviation Electronics Wire Assembly
- ◇ Aviation Electronics Technician

Advanced Design for Manufacturing

Industrial Power and Control

Lake Washington Institute of Technology:

Machine Technology

- ◇ CNC Programming
- ◇ Machine Technology

Welding Technology

- ◇ Welding Introduction
- ◇ Welding Technology

Transportation and Logistics

Renton Technical College:

Welding

Automotive Maintenance and Light Repair

- ◇ Automotive Technology

Machining Technologies

- ◇ Basic Machining
- ◇ Computer Numerical Control (CNC)
- ◇ Precision Machining Technologies
- ◇ Preventative Manufacturing Maintenance

Green River College:

Aerospace and Advance Manufacturing

- ◇ Machine Maintenance
- ◇ Precision Machining
- ◇ Quality Assurance and Inspection

Welding Technology

Machining and Manufacturing Technology

Shoreline Community College:

Automotive Technology

Manufacturing and Machinist Technology

Organizations:

ANEW

AJAC

PACE

Orion Industries

Puget Sound Training Center
